THE TRIP CONDITIONS

THE CODE OF CONDUCT

01

SAFETY FIRST

No rash driving. Follow all traffic regulations and maintain convoy discipline.

02

THE GROUP MINDSET

In the Spiti winter, the group is your lifeline. Always ride with the collective in mind.

03

ZERO TOLERANCE

Drink and Drive is strictly prohibited. Age 18+ is mandatory.

04

WEATHER PREP

Carry high-quality rain gear/umbrellas as per the season.

05

THE REALITY OF THE WILD

06

LIABILITY

Individuals join on their own decision. The organizers are not liable for any personal or vehicle injuries/accidents.

WINTER SPITI

ADVENTURE IS A STAND AGAINST NATURE

01 THE SPIRIT OF ADVENTURE

You are signing up for an absolute adventure. You will face extreme cold, unpredictable climates, and exhausting miles. “I am cool about it and I will enjoy the tour” — this must be your mantra.

02 THE FORCE MAJEURE

We cannot control road conditions, political forces, or the weather. These change in a heartbeat.

03 THE COMMAND

The Tour Manager will make reactive decisions for the group’s safety. Routes and programs may change in an instant; your safety is our only priority.

04 BE EQUIPPED

Do not come under-informed. This ride is full of uncertainties—ensure you and your machine are ready for the war against the elements.

WINTER SPITI

DO's

STAY HYDRATED
Drink enough water to avoid altitude sickness.

WALK SLOWLY AT ALTITUDE
Give your body time to adapt.

FOLLOW TOUR LEADER INSTRUCTIONS
Your safety is our priority.

CARRY SUFFICIENT CASH
Remote areas may have limited digital connectivity.

RESPECT LOCAL CULTURE
Be mindful of local traditions, people and environment.

DON'Ts

NO ALCOHOL OR SMOKING AT ALTITUDE
It can increase the risk of altitude sickness and other health issues.

AVOID OVEREXERTION
Do not push your limits. Take rest when needed.

NO LATE-NIGHT OUTDOOR MOVEMENT
Temperatures drop drastically and it can be unsafe.

AVOID JUNK FOOD IN SPITI
Food options are limited. Stick to simple, wholesome meals.

TRAVEL ADVISORY

- This is a high-altitude winter expedition, not a luxury city tour.
- Expect basic facilities in remote regions, limited mobile connectivity (BSNL / Jio).
- Possible power cuts and weather-based delays.
- Mental preparedness and flexibility are essential.
